Preface

This handbook is a guide on the design, development, and implementation of the Seychelles Oncology Unit Patient Survey. This handbook was first put together for the first iteration of the survey in 2025.

Part I

Design

1 Survey design

2 Questionnaire development

3 Data management plan

4 Data analysis plan

Part II

Training

5 Participant selection

6 Informed consent

7 Paper-based data collection

8 Electronic data collection

Part III

Deployment

9 Deploying the survey instrument

10 Data extraction, transformation, and loading pipeline

11 Data analysis workflow
